Welcome Message

Dear Colleagues,

It is with great pleasure that we invite you to partner with us at the Obesity Summit, a virtual conference co-organized by the Emirates Diabetes & Endocrine Society and the Endocrine Society, taking place on 14 – 15 December 2026.

Obesity is one of the defining health challenges of our region. Over two days, an international faculty will bring together the latest evidence, the newest pharmacotherapies and the multidisciplinary models of care that are changing outcomes for patients.

Partnering with the Summit places your organization at the centre of that conversation, in front of the specialists who prescribe, refer and shape obesity care across the region.
